

Student Learning Assessment (SLA), TEQIP– III, MNIT Jaipur

(March 11 to March 13, 2019)

The Student Learning Assessment (SLA) was successfully conducted by TEQIP-III at Computer lab, MNIT Jaipur, as per the instructions given by the National Project Implementation Unit (NPIU), in collaboration with Stanford University for three days from March 11 to March 13, 2019. The main objective of this survey was to understand and quantify that how many students are learning as well as to understand the impact, the way institution functions, faculty profile and teaching practices on the student learning potential and their output. For this survey, NPIU selected two departments: Computer Science and Engineering (CSE) & Electronics and Communication Engineering (ECE) Departments, MNIT Jaipur. Under this survey an online assessment of students for two hours and 30 minutes was conducted, where total 295 numbers of students of 2nd year and 4th year participated from ECE and CSE departments. In addition, online surveys of all faculty members, who teach these students were also carried out. An offline feedback was also taken from the Head of the respective Department. The online and offline survey was coordinated by SLA coordinator Dr. Kavita Lalwani, faculty from MNIT Jaipur. Further this survey was monitored by Proctors from other institutions, SPIU Rajasthan and Government Mahila Engineering College, Ajmer and invigilators from MNIT Jaipur.

Few photographs of this survey are enclosed here:
