Celebrating Our Potential! **IEEE 2020 DAY** Leveraging Technology for a Better Tomorrow

Be a Tech-Blogger

Theme: "Leveraging Technology for a Better Tomorrow"

Technical blogging is a great way to share your expertise while building a potentially valuable readership. It can help you to document projects, or provide guidance to other web users. We are organizing this event to see what's your vision towards benefits of technology in our lives.

Rules-

- * Blog should be written considering theme of the day.
- * Not more than 500 words.
- * It could be in Hindi/English.
- * Idea should be original.

Prize Money-
First Prize-500/- Second Prize-300/- Third Prize-100/-

Note- There will be one winner for first place, two winners for second place and three winners for third place. Prize money is for each winner separately.

IEEE student branch, MNIT Jaipur has celebrated **IEEE Day 2020** by organizing 2 day online events on **6th and 7th October 2020**.

"IEEE Day is celebrating the first time in history when engineers worldwide and IEEE members gathered to share their technical ideas in 1884. Worldwide celebrations demonstrate the ways thousands of IEEE members in local communities join together to collaborate on ideas that leverage technology for a better tomorrow. Now engraved in its essence, the IEEE Day's theme is: "***Leveraging Technology for a Better Tomorrow***". While the world benefits from what's new, IEEE focuses on what's next. IEEE Day is celebrated on the first Tuesday of October. Accordingly, IEEE Day will be celebrated on *Tuesday 6 October 2020*."

We have organized some webinars to motivate students in this COVID Pandemic with some fun and creative activities.
